

RED FLAG OUTPOST CLASSIC · THE NIGHTS PROMISE

We'll put 18 nights a month on your calendar.

In writing. Or the money comes back to your bank.

From ₹185 a night with three properties · paid back automatically if we miss

YOU ALREADY KNOW THE PROBLEM

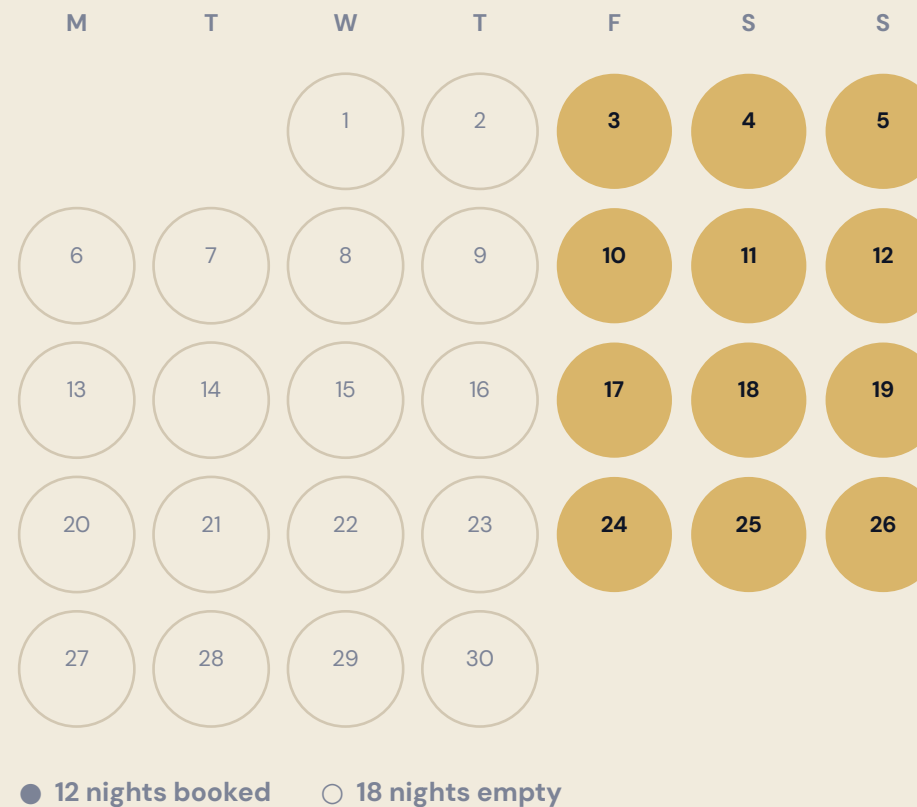

Most months, the calendar sits half empty.

Most properties in India sit booked 10–14 nights a month

The rate never changes, so weekends go cheap and weekdays go empty

Enquiries come at midnight, the cleaner cancels on Sunday

It isn't the property. Nobody is working the calendar every single day.

SO WE PUT IT IN WRITING

WHAT YOU DO, ONCE

One setup spec. Then you step back.

We assess your property and send a written setup spec — what to fix, add or replace before we list it.

Skip items on the spec and the promise doesn't apply — it's the only way we can guarantee nights on a property we didn't furnish.

Added later

Adding more later?

You keep 8% for life on those too.

But the nights promise covers only the properties we assessed at onboarding — up to three.

Available

At least 27 nights a month, with up to 12 owner nights across the six months

Control

We control pricing, availability and listing content

Floor rate

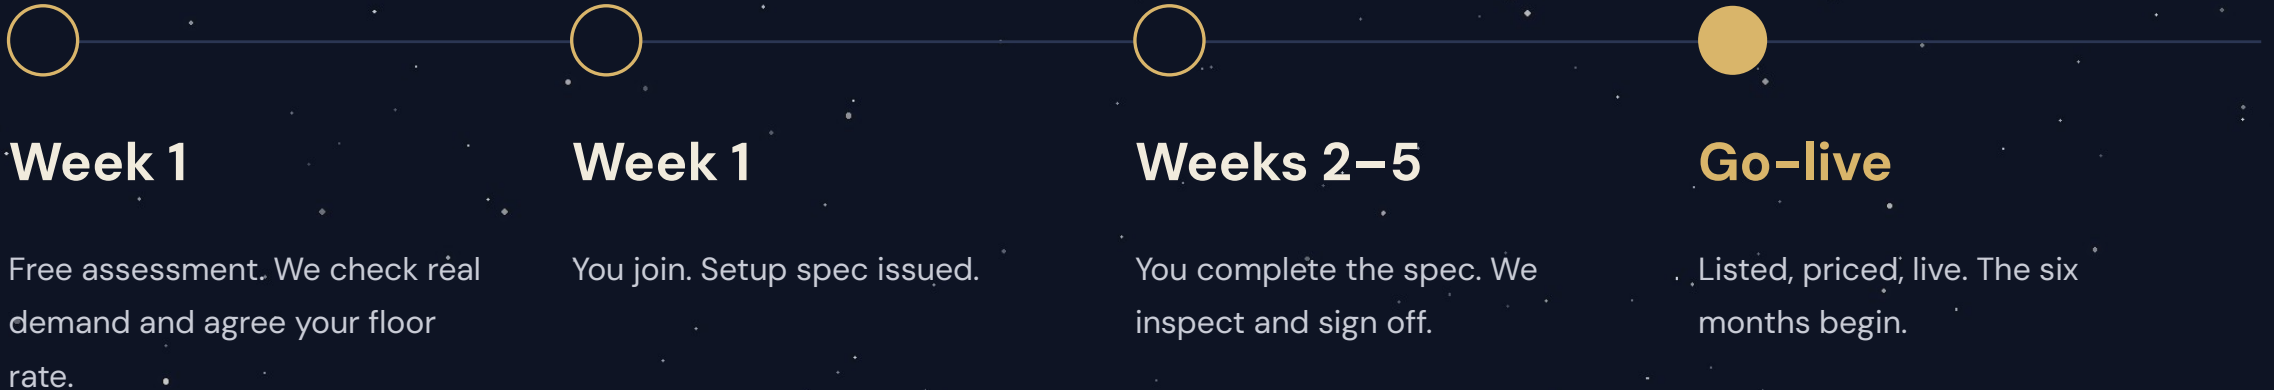

Nights count at or above a floor rate we agree together — so we can't hit the number by dumping your price

HOW IT STARTS

From first call to go-live in about five weeks.

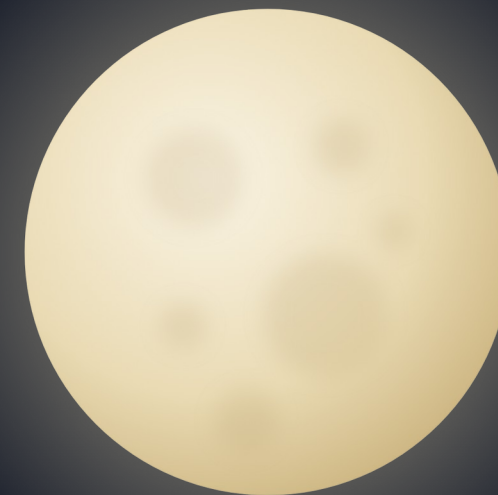

The 108 nights are counted from go-live, after sign-off.

NEXT STEP

Send us your listing links.

We'll assess them free and tell you whether they can hit the number
— before you pay anything.

If they can't, we'll say so.

RED FLAG OUTPOST CLASSIC

From ₹185 a night, with three properties.

8% for life. Nights in writing.

redflaghomes.in · hello@redflaghomes.in

Figures are illustrative. The Nights Promise is subject to its terms. Returns are not guaranteed. Prices plus GST.

Straight answers.

What exactly are you promising?

A number of nights, not an amount of money. 108 qualifying nights per property across six months — an average of 18 a month. The number for your property is written into your agreement.

Do I have to claim it?

No. We count the nights from our own booking records and check at month six whether you ask or not. If we're short, the money goes to your bank within 30 days.

Why ₹185 a night for some and ₹555 for others?

The fee is the same ₹59,999 whether you enrol one property or three. One property buys 108 promised nights, three buys 324 — so the cost per night falls from ₹555 to ₹185.

Why no setup fee?

Your property is already furnished. We give you a written spec of what to fix, you do it at your cost, and we sign it off before listing.

What happens if you miss it?

We refund your joining fee, pro-rata across the properties that fell short. Three properties enrolled and one short means ₹20,000 back.

What if I think your count is wrong?

You have 30 days from the statement to tell us. We review and respond within 15 days.

Can I add a fourth property?

Yes, and you keep 8% for life on it. But the nights promise covers only the properties we assessed at onboarding, up to three.

What if I don't want to do the setup work?

Then the promise doesn't apply — we can't guarantee nights on a property that isn't ready. We'll still manage it at 8%, and you can do the work later.

More straight answers.

Can you just drop my price to hit the number?

No. We agree a floor rate with you at onboarding and nights sold below it don't count toward the promise. It protects you and it stops us gaming our own guarantee.

What do I actually earn per night?

On a ₹2,000 night, roughly ₹1,270 lands with you after our commission and cleaning. Your real number depends on your rate and your city — we'll calculate it on the assessment.

What if my city is seasonal?

We set your number from your market, not a template. A Goa property might be promised fewer nights than a Bengaluru one. We'd rather promise a number we can hit.

Is my income guaranteed?

No. We guarantee nights, not rupees. What those nights earn depends on your rate, your season and your market.

Can I still use my property myself?

Yes — up to 12 owner nights across the six months, blocked in advance. Beyond that the promise no longer applies, because we can't sell nights that aren't available.

When do I get paid?

Twice a month, on the 1st and the 16th, with a statement showing every booking and every deduction.

What if you decline my property?

We tell you why, in writing, and you pay nothing. We'd rather turn down a property than take a fee for nights we can't deliver.
