WHAT THIS IS

Fifteen days after you book, your studio looks like a boutique hotel room.

You have a studio with an AC, a fan, a wardrobe and white tubelights. We turn it into a room that is ready to take bookings.

We source everything, bring it, assemble it, style it, deep clean it and photograph it. You unlock the door once and we hand it back finished.

NO MARKET TRIPS · NO FIFTEEN DELIVERIES · NO CARPENTER WHO DOESN'T TURN UP

THE LOOK

Noir is warm, not cold.

Charcoal

Cream & oatmeal

Black metal

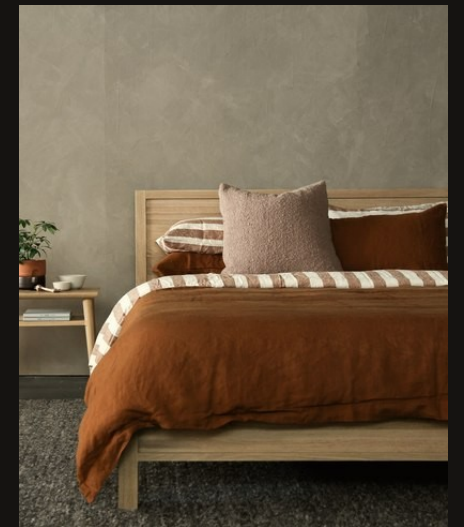

Brass

Green

- Deep charcoal surfaces in matte — never gloss
- Jute and wood texture to keep the room soft
- Cream and oatmeal bedding layered over dark furniture
- Black-framed art, terracotta pots, real plants, brass accents

THE DROP · STUDIO NOIR

THE SINGLE BIGGEST CHANGE

It's the light.

2700K

warm, in every fitting we install

White tubelights make any room photograph like a clinic. We light from lamps, sconces and a pendant instead of one ceiling tube — the difference between a dark room and an expensive one.

QUESTIONS

Everything owners ask us.

Why no fridge or microwave?

Most studio guests don't cook, and leaving them out keeps your price lower. Add them and we install them the same day.

Can I change items?

Yes, within the palette. Swap the chair, choose a different pendant, change the art. We keep the room coherent.

Can I see it before you order?

Yes. You approve the design plan with the actual items before anything is bought.

What if something arrives damaged?

We replace it. Every appliance carries its manufacturer warranty, registered in your name.

Will it fit my studio?

Send measurements with your photos. If the room is tight we adjust the layout, or suggest a smaller bed.

Do you do 1BHK and villas?

Yes. The Drop comes in Studio, Villa and Estate. Tell us the property and we'll quote it.

I want you to run it too.

That's Red Flag Outpost Classic — we design, brand, launch and operate it for 8% of bookings. Join within 90 days and we deduct what you spent on The Drop from the Outpost setup fee.
